Guidance Notes

Road Space booking – Application pack New road and street works Act 1991

TRAFFIC MANAGEMENT ACT 2004

The Traffic Management Act was introduced in 2004 to tackle congestion and disruption on the road network. The Act places a duty on local traffic authorities to ensure the expeditious movement of traffic on their road network and those networks of surrounding authorities. The Act gives authorities additional tools to better manage parking policies, moving traffic enforcement and the coordination of **all activities on the network, including street works**.

This Act will take effect as of the 1st April 2008 and will change the noticing periods required for street works.

More in-depth information can be found at the Department for Transport Website:

<http://www.dft.gov.uk/pgr/roads/tpm/tmaportal>

ROAD SPACE BOOKING APPLICATION / STANDARD CONDITIONS

The following must be received or the granting of the application may be delayed.

- a) **Completed *Form RSB1*** (Road space booking form);
- b) **Application Administration Fee is £141** Payment in advance (cheques made payable to **Newport City Council**)

BAC's Payment details
Santander UK
Sort Code 09-07-20
Newport CC Collection Acc
Acc no 05070406

When making a BAC's Payment please state on the payment it is for a road space booking

- c) **A scale plan** (of Ordinance Survey standard) at 1:1250 or greater of the proposed location and depth of the relevant apparatus marked by a red broken line and a grid reference for the site area;

The following must be submitted in the first instance (copies will be kept on file for future application, whilst still valid)

- a) **Proof of Public Liability Insurance** This must provide a minimum of **£10m** cover which be valid at the time that the works are completed and not just when the application is made.

Should any excavations be required an additional licence shall be necessary for submission (Section 171 Excavation in the Public Highway).

Please contact the Street Works Manager at Newport City Council for assistance if Traffic Lights or a Road Closure is required. Telephone number is 01633 210547.

The Applicant shall regulate the works so as to minimise obstruction to vehicular and pedestrian traffic and shall guard the works in accordance with Chapter 8 of the Traffic Signs Manual 2006 published by TSO and the Safety at Street Works and Road Works Code of Practice 2001 which gives specific guidelines on the safe signing, lighting and guarding of temporary works on the Highway, as required by Section 65 of the New Roads and Street Works Act, 1991. The works area shall be maintained and kept clean and tidy throughout the duration of the works.

Except in accordance with this application, no part of the highway may be closed, **AT ANYTIME**, without the consent of the Highway Authority.

Once the works are complete the area shall be left in a clean and tidy condition to the satisfaction of the Highway Authority.

Within five working days of completion of the works the Applicant shall give written notice to the Highway Authority, this can be done by email to street.works@newport.gov.uk

Conditions relating to the portable traffic signals application

The Traffic Signs Regulations and General Directions 2002 SI 3113 permit the use of portable traffic signals in accordance with regulation 35 provided that:-

The equipment is type approved

The equipment is capable of working vehicle actuated.

The site involves simple shuttle working with no junctions in the controlled length.

The Highway Authority or Agent Authority is notified when signal control is used.

Safety at Street Works and Road Works a code of practice issued under The New Roads and Street works Act Section 65.3

All signals to be provided, installed, maintained and removed on site in accordance with Chapter 8, safety at Street works and Road Works COP and Temporary Traffic Management on High Speed Roads.

General Conditions

Portable traffic signals used to control junctions (i.e. more than simple shuttle working) or heavy plant crossings require that the Highway Authority issues specific site approval.

All signage to conform with "Chapter 8" and the "Safety at Street works code of practice".

All portable traffic signals to be operated in accordance with DFT booklet "An Introduction to the use of Vehicle Actuated Portable Traffic Signals". Manual control for fixed time operation shall only be used with the written consent of the Highway Authority.

All Highway users within the area of traffic control will be advised of the intended dates of use of portable traffic signals by the applicant.

Provide details of Site Plans and Location Plans showing position of the signal heads & timings per link.

Setting up Site

All appropriate advance warning signs, in accordance with the requirement of chapter 8 of the Traffic Signs Manual, to be established prior to positioning of the signals.

The maximum distance between portable traffic signals must not exceed 300m. The signals are to be set up to allow working space only and are not to include for parking for non-essential site vehicles.

Portable traffic signals are set up with time settings as a function of site length. The period of use and the controlled shuttle working length to be kept to an absolute minimum. Signals must operate vehicle actuated unless alternative agreed in writing.

When the switching off any permanent signals is required, the promoter must contact the Highway Authority in advance a minimum of 2 weeks notice is required so the necessary arrangements can be made. This procedure carries a charge as set out in the Fees and Charges approved by Newport City Council October 2008:-

"Switching off/on for Utility and Third Party requirements:-

Monday – Friday 08.00 – 18.00 - £260 Total for turning off & on

Monday – Friday 18.00 – 08.00 - £330 Total for turning off & on

Weekend/Bank Holidays - £330 Total for turning off & on

If the site cannot be set out as planned the promoter must immediately contact the Highway Authority to discuss.

Environmental considerations

In built up or residential areas, connection of signals to mains power supply may be preferable. The Electricity Supplier must be consulted and may levy a charge for supply.

Where ever possible the use of radio controlled battery operated traffic lights must be used.

All generators must meet the requirements of the Environmental Protection Act 1990 c43.

Maintenance

The signal supplier / hirer must provide and display on the equipment on site the call-out number for maintenance, response to be within two hours.

SECTION 74

If the works take longer to complete than the duration given in the notice, they may be subject to the following charges per day overrun:

Charges per day of overrun beyond notified / agreed durations

Road Category	
Type 0	Trunk Roads and Motorways
Type 1	A Roads
Type 2	B Roads
Type 3	CIII
Type 4	Unclassified Roads

	Road Category (*1)		Prescribed Period	Reasonable Period
	0, 1 & 2	3 & 4		
Works without excavation	N/A	N/A	N/A	N/A
Minor works	£500	£100	3 days	Max 3 days including prescribed period
Emergency works Urgent works	£500	£100	3 days	By notice details or other agreed period
Other works (*2)	£2000	£250	3 days	

The Reasonable Period must be agreed by the Authority BEFORE commencement of work on site.

Note:

- *1** as defined under S1.3 Road Categories in the Specification for the Reinstatement of Openings in Highways (Second Edition 2006).
- *2** any overrun on Remedial Works will be charged at the rate appropriate to the works category of the new works.
- *3** Section 74 charges are currently under review and will be subject to change in the near future.
