**Subject:** Hmo

33 walmer road has an Application for hmo residents

I would like to put Forward an objection to this,it would put more strain on the parking in the

Street which is already at breaking point now

Also there will be a lot more rubbish waste to be collected, more cars fighting to find a parking space

And as a person that has worked repairing hmo's I know how Neglected, the maintenance programme is and how much rubbish is accumulated in forecourts.

Thank you
