Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I object on the grounds that all current residents where I live two streets over currently have to fight for a parking spot at the moment and are forced to park on hendre farm drive with this amount of new builds how will parking work in the long term. if parking along the whole of the area where I live was looked at first and sorted out for us current residents for example take the grass away and make that parking put parking bays in cul de sac's I could become neutral. These roads are getting narrower with the amount of vehicles already surely this needs looking at first it's an accident waiting to happen

Kind regards
