Hello,

I am forwarding on the email from James Pinder in response to the Tree comments on this application, James Pinder has re assessed the Ash tree and is happy that there are no obvious changes and his original comments are still valid.

Thanks a lot.

Subject: RE: Land North Of Rock Cottage Arcade Road Penhow

Hi Spence,

I am not seeing any obvious changes in the trees physiological condition. On this basis all my original comments and work needs would still be relevant.

Regards,

James
