Your Ref: 25/0646

Dear Sir/Madam,

Grid Ref: ST309881 330991 188194
Site: 16-18 Cambrian Road, Newport
Development: CHANGE OF USE OF FIRST AND SECOND FLOORS

We refer to your planning consultation relating to the above site, and we can provide the following comments in respect to the proposed development.

The application appears to rely on existing sewer connections and no new connections are to be made with the public sewerage system. Nonetheless, for the avoidance of doubt we would be grateful if you could provide the developer with the following **advisory notes**:

Advisory Notes

The proposed development site is crossed by a public sewer with the approximate position being marked on the attached Statutory Public Sewer Record. Should circumstances change and the application proposes any operational development, including any new structures or increase in the roof area of the building, we must be re-consulted on this application.

The planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water industries Act 1991. This means that any alterations to existing premises that result in the creation of additional premises or merging of existing premises must be constructed so that each of the premises is separately connected to the Company's water main and can be separately metered. Please contact our new connections team on 0800 917 2652 for further information.

Our response is based on the information provided by your application. Should the proposal alter during the course of the application process we kindly request that we are re-consulted and reserve the right to make new representation.

If you have any queries please contact the undersigned on 0800 917 2652 or via email at developer.services@dwrwymru.com

Please quote our reference number in all communications and correspondence.

Yours faithfully,

Sion Jones
Development Planning Officer
