 GREEN - Surface Water
 BROWN - Foul
 Purple - Former S24 sewers (for indicative purposes only)

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of Dŵr Cymru assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cymraeg (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the understanding that it is based on the best information available and the warranty as to its correctness is relied upon in the event of excavations or other works made in the vicinity of the Company's apparatus. This level of warning appears before carrying out any excavations made within its site. The information which is supplied by the Company is done so in accordance with statutory requirements of sections 105 and 109 of the Water Industry Act 1991 which allows open the best information available and, in particular, but without prejudice to the generality of the foregoing, it should be noted that the records that are available to the Company may not disclose the existence of a water main, service pipe, sewer, lateral drain or drainage, but any associated apparatus, and before September 1995, or if they do, the particular detail recording the position, and depth, may not be accurate. It is to be understood that the furnishing of this information is made without prejudice to the provisions of the New Roads and Street Works Act 1991 and the Company's right to be compensated for any damage to its apparatus. Service pipes are not generally shown but their presence should be anticipated.

EXACT LOCATIONS OF ALL APPARATUS TO BE DETERMINED ON SITE.
