Dear Catherine

You will be aware that we provided comments on the initial consultation in our response dated 25th March 2024 (CAS-252051-P0B5) where we raised no objection and provided advice on European Protected Species and Protected Sites.

We note that the additional information has been submitted due to concerns from the Conservation Officer. We can confirm we have nothing to add to our previous response which you can find attached.

### **Other Matters**

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not *rule out the potential for the proposed development to affect other interests*.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

Kind Regards

Andrew Hurst
