Hi Vicky

The licence is for 5 households, looking at the plans one of the rooms is larger so could accommodate a couple (as one household) that's why 6 is listed.

I have attached the historic licences and floor plans.

24/09/19 – 23/09/24 5 Households consisting of no more than 6 Individuals

24/09/24 – 23/09/29 5 Households consisting of no more than 6 Individuals

[@Kettles, Steven \(Environmental Health Officer\)](#) could you respond to vicky re the planning consultation (attached) and email below in regards your response?

James
