

APPLICATION NUMBER: 25/0594

PROPOSAL: TEMPORARY REMOVAL OF HEDGEROWS AT 5NO. LOCATIONS TO FACILITATE THE INSTALLATION OF 4NO.132 KV UNDERGROUND CABLE CIRCUITS

SITE: Land To The South And East Of Celtic Way Celtic Lakes

APPLICATION TYPE: Hedgerow Removal

The application form states 'Following completion of the works temporary access including trackmatting will be removed from the site and vegetation will be allowed to regenerate naturally.'

The five locations are small in scale and it is often reed growth rather than hedgerow woody species that will require removal.

I have no objection or comments.
