

## Highway Response

Ref: 25/0437

Date: 16/06/25

**PROPOSAL:** ADVERTISEMENT CONSENT FOR THE INSTALLATION OF NEW DIGITAL COMMUNICATIONS KIOSK WITH INTEGRATED DEFIBRILLATOR AND ADVERTISING DISPLAY.

**SITE:** Land Adjacent to University Usk Way Newport South Wales

Case Officer: Emma Brinkworth

Highway Officer: Kevin Jackson

### Highway recommendation:

Objection on grounds of national technical guidance relating to place and decluttering.

### Highway Comments:

The proposal does not replace an existing phone and is not needed to maintain any telecoms services. It does not establish any need for the various features to be placed on highway in this location and does not provide any benefit that outweighs the consideration of pedestrians.

The red line would allow vaguery and is not proportionate to the site.

It is important to realise that all street furniture presents a hazard to certain disability groups. National policy is to declutter the highways and remove all furniture that is not needed, for safety and to create a sense of place.

Should the Planning Officer consider that the equipment is needed, it should be located at back of footway and orientated to minimise obstruction. Any lighting should comply with current lighting guidance and be dimmed at times of poor ambient lighting conditions.
