Subject: RE: 26/0474

Hi Emma.

Please find below my comments on 26/0474

Date:
23.07.2026
Main Location:
15 Ridgeway
Newport
South Wales
NP20 5AF

Application Description:
OUTLINE PLANNING PERMISSION FOR A SINGLE DWELLING
WITH ALL MATTERS RESERVED EXCLUDING ACCESS AND
SCALE
Planning reference number:
26/0474
Planning case officer:
Emma Brinkworth

I refer to the above application passed to the Environmental Protection Team for comment.

I confirm I have no objections to the proposals; however the following conditions should be attached to any permission granted to minimise/prevent dust/noise/vibration nuisance complaints that may arise during the construction phases;

Construction Hours.

No development, (including land raising and demolition if required) shall be carried out other than between the hours of 08.00 and 18.00 Monday to Friday and between the hours of 08.00 and 13.00 on Saturdays.

Reason: To protect the amenity of existing residents.

Construction Environmental Management Plan

Prior to the commencement of development, to include demolition, a Construction Environmental Management Plan shall be submitted to and approved in writing by the Local Planning Authority. The Construction Environmental Management Plan shall identify the steps and procedures that will be implemented to minimise the creation and impact of noise, air quality*, vibration, dust** and waste disposal resulting from the site preparation, groundwork and construction phases of the development and manage Heavy Goods Vehicle (HGV) access to the site. Measures to minimise the impact on air quality should include HGV routes avoiding Air Quality Management Areas and avoid vehicle idling. The approved Construction Environmental Management Plan shall be adhered to at all times, unless otherwise first agreed in writing with the Local Planning Authority.

Reason: To ensure that the amenities of occupiers of other premises in the vicinity are protected.

Waste Storage and Recycling

There is a lack of information regarding the waste storage and recycling facilities that will be provided to serve the future development. Therefore, either additional information is required or the following condition is recommended;

Prior to first beneficial use, a scheme for the provision of waste storage and recycling shall be submitted to and approved in writing by the local planning authority. The approved scheme shall be implemented prior to first beneficial use and thereafter maintained for the duration of the use.

Reason: To ensure that the amenities of occupiers of other premises in the vicinity are protected
