

Green Infrastructure Statement

21 St Mellons Road
Marshfields
Newport
CF3 2TX

The following details have been considered for the proposed development

- Details of all existing green infrastructure (trees, hedges and hedgebanks) on site:
Lawned area to the rear garden and to the front where the original drive was situated.
- What green infrastructure features have already been removed from site and/or require removal to facilitate the development?
The lawn to the front was removed to lay Marshalls Permeable block paving.
- How are the retained features being protected during development – **N/A**
- What green infrastructure is being planted as mitigation for losses? **An area of approximately 4m² to the front of the property has been incorporated to allow for new planting.**
- What Landscaping is being planted to enhance Green Infrastructure? (This will need to be some form of planting e.g. pollinating plants such as lavender):
Lavender will be used in the front planting area, and planting boxes will be added in various locations front and rear with more high pollinating plants.
- How will the new planting be managed and/or maintained?
General maintenance by owners.
- Biodiversity enhancements. **A birdbox will be added to the rear garden of the property.**
- Conclusion – **Proposal is a minor development with minimal impact to the environment**
