

Cover Sheet

HS27: Company Health & Safety Policy

HS00: Construction Phase Plan

Risk Assessments

- RA01: All operations - core assessment
- RA03: Construction of site offices / compound (inc. welfare)
- RA04.02: Transportation of packaged and unpackaged goods
- RA04.03: Storage of packaged and unpackaged goods
- RA05: Movement of stores
- RA07: Loading and transportation of materials from site
- RA11: Delivery and placement of membranes and geotextile materials
- RA13: Backfill and compaction of materials
- RA14: Delivery and placement of capping and other granular materials
- RA19: Breakout and erection of barriers, street furniture and lighting columns
- RA24: Construction plant operations
 - RA24.02: Bulldozers
 - RA24.04: FLTs and telehandlers
 - RA24.05: Excavators
 - RA24.09: Drag lines and piling rigs
 - RA24.10: Concrete extruding machines
 - RA24.13: Ride-on and pedestrian operated road rollers (non vibrating)
 - RA24.15: Mobile fuel / water bowsers
 - RA24.17: Mechanical road sweepers (inc. pressure washer)
 - RA24.18: Mobile lighting towers
 - RA24.19: Dumper trucks
 - RA24.20: Mobile elevated platforms
- RA25: Hand start generators and pumps
- RA26: Air compressors / hydraulic pumps
- RA31: Raising ironwork and kerbing (prep work)
- RA32: Paving operations (machine and hand-lay)
 - RA33.01: Roadworks - general
 - RA33.02: Temporary traffic signals
 - RA33.03: Stop/go traffic control
- RA34: Working adjacent other trades / contractors
- RA37: Control of supply and daywork vehicles
- RA42: Temporary material stacks on site
 - RA43.01: Electricity
 - RA43.03: Electricity - underground cables
 - RA43.04: Buried services
- RA44: Access equipment

RA45: Portable tools
RA48: Asbestos material
RA49: Authorised visitors
RA52: Diesel fuel
RA53: Demolition
RA54: Environmental impact
RA57: Fire control
RA65: Highly flammable products
RA67: Ladders
RA70: Manual handling
RA71: Mobile towers
RA72: Noise
RA75: Safety nets
RA76: Scaffolding
RA78: Soilborne diseases
RA79: Stepladders
RA80: Traffic management
RA81: Trestles
RA83: Unauthorised visitors
RA84: Vibrating tools
RA88: Work restraint systems
RA90: Fall arrest harnesses
RA93: Fall arrest mats
RA99: Working at height from podium steps
RA102: Accidents and emergencies
RA105: Drugs/alcohol
RA112: Ignorance and complacency
RA120: Smoking
RA121: Stress/mental health
RA125: Laser Level (Class 1 and 2 lasers)
RA129: Plant maintenance
RA132: Refurbishment
RA134: Falsework operations
RA135: Highly flammable liquids. Storage and use.
RA138: Site electricity supply
RA140: Whole body vibration caused by operating ride-on plant and vehicles
RA141: Working in occupied domestic premises
RA142: Dermatitis exposure
RA147: Lithium-ion batteries

HS04: Acknowledgement of risk assessments

Method Statements

MS01: Industrial unit roofing

MS04: Demolition of brick built structure with sheet roof

MS05: Method Statement Editable Template

COSHH Assessments

CA20: Sharp sand/building sand

CA21: Natural aggregates

CA22: Ready mixed concrete

CA23: Portland cement

CA24: Ultracrete M60 or similar

CA25: Concrete blocks, bricks and pre-cast concrete products

CA26: Dust from cutting and planing operations

CA28: Liquid petroleum gas - propane

CA29: Diesel

CA32: Antifreeze (Methanol free)

CA33: Windscreen wash (Methanol base)

CA34: De-icer for windscreens

CA35: Multi-purpose EP grease

CA36: Gear oil

CA37: Compressor oil / hydraulic oil / chain oil

CA38: Waste oil

CA39: Hydraulic brake fluid

CA40: WD40 oil - aerosol

CA43: Acetylene (Dissolved)

CA44: Welding fumes for mild steel

CA45: Waterless hand cleanser

CA46: Sanitary fluids

CA47: Industrial aqueous toilet cleaners

CA48: Bleach

CA49: Disinfectant

CA51: Gel skin cleanser

CA52: Solvent based gel skin cleanser

CA53: Detergent degreaser

CA54: Automotive degreaser

CA56: Highlight weed killer (Herbicide by Nomix)

CA61: Bodyline spray gun washing solvent BGW5

CA62: Power wash ultra concentrate

CA65: Mortar

CA66: Acid - hydrochloric or sulphuric

CA67: Brick dust

CA68: Exhaust gases

CA69: Treated timber

CA71: Concrete wet
CA72: Dust - plaster, mortar, gypsum
CA73: Isocyanate products
CA74: Mineral fibres
CA75: Pesticides and fungicides
CA77: Greases
CA78: Smoke/fumes
CA82: Sanitary fluids
CA147: Northstone crushed limestone chippings, grits and sand
CA152: Tarmac decorative and building aggregates
CA167: Lignacite concrete blocks
CA182: Stressline concrete structural building products
CA183: Supreme concrete products
CA193: 3M abrasive products (Mineral)
CA195: Blue Circle portland cement
CA196: Cemex cement
CA214: Marshalls natural sandstone and granite products
CA221: S Morris limestone aggregate

HS02: COSHH assessment request
HS10: Noise assessment
HS28: Contractor questionnaire
HS20: Accident investigation report
HS09: Site setup checklist
HS19: Fire plan
HS17: Site rules
HS01: Site attendance register (Visitor register)
HS05: Site induction
HS06: Site induction register
HS21: Accident and incident record
HS22: Toolbox talk register
HS23: Toolbox talk training record
HS11: PPE register
HS26: Excavation pre-works checklist
HS07: Work permit register
HS12: Harness inspection
HS13: Lifting equipment inspection
HS14: Plant inspection
HS15: Excavation inspection
HS16: Scaffolding inspection
HS24: Site inspection checklist
HS25: Site audit

HS29: Pre Construction Information

HS30: Excavation inspection register

HS31: Construction Design and Management (CDM) Regulations 2015 - Client, principal designer, designer, principal contractor and contractor duties

HS32: Scaffolding inspection register

HS18: Scaffolding handover certificate

HS08.01: Asbestos work permit

HS08.02: Working at heights work permit

HS08.03: Confined space work permit

HS08.04: Electrical work permit

HS08.05: Excavation work permit

HS08.06: Hot-works work permit

HS33: Health & Safety File

HS34: Health and safety information for domestic clients - what you need to know

HS35: Contractors responsibilities for domestic clients under CDM 2015

HS36: Breach of health and safety procedures

HS37: Simple construction phase plan

HS38: Ladder inspection

HS39: HAVS exposure record

HS40: Design risk management checklist

HS41: Project waste management checklist

HS42: Operatives and employee training record

HS43: Work equipment inspection

HS44: HSG65 Learning Lessons

HS46: Plant and equipment record

HS48: Traffic management plan

HS49: Site emergency plan

Toolbox Talks

TT01: Health on site

TT02: Health and safety benefits

TT03: General safety legislation

TT04: Health and Safety at Work Act 1974

TT05: Legal duties of employees

TT06: Powers of the HSE

TT07: Safety inspections and consultation

TT08: Accident prevention and control

TT09: Accident reporting and investigation

TT10: Competence

TT11: Young persons on site

TT12: Risk assessments and method statements

TT13: Control of substances hazardous to health

TT14: Fire prevention and control

TT15: Control of noise
TT16: Security on site
TT17: First aid
TT18: Personal protective equipment
TT19: Protection of eyes
TT20: Protection of skin
TT21: Sun safety
TT22: Alcohol and drugs
TT23: Ladders
TT24: Working at height
TT25: Slips trips and falls
TT26: Electricity on site
TT27: Buried services
TT28: Excavations
TT29: Control of dust and fumes
TT30: Asbestos
TT31: Personal hygiene
TT32: Portable hand-held electric tools
TT33: Plant and equipment
TT34: Abrasive wheels
TT35: Cartridge-operated tools
TT37: Mobile plant
TT38: Safe stacking of materials
TT39: Hand-arm vibration
TT40: Manual handling
TT41: Lifting accessories
TT42: Lifting appliances
TT43: Hoist and hoist towers
TT44: Mobile scaffold towers
TT45: Mobile elevating work platforms
TT46: Safety nets and suspension equipment
TT47: HFLs and petroleum based adhesives
TT48: LPG and other gases
TT49: Lead hazards
TT51: Weil's disease
TT52: Site transport
TT53: Vehicle fuels
TT54: Waste management
TT55: Pollution control
TT56: Confined spaces
TT58: Road and street work

TT59: Demolition safety
TT60: Hydro demolition
TT61: Water jetting
TT64: Safety signs
TT65: Signallers and slingers
TT66: Temporary works
TT69: Working on scaffolds
TT70: Company health and safety policies
TT71: Fragile roofs
TT73: Workplace stress and mental health
TT74: Construction (Design and Management) Regulations 2015
TT75: Compressed gases
TT76: Diamond blades
TT77: Fuel and oil
TT78: Wildlife
TT79: Being a considerate neighbour
TT80: Storage of materials
TT81: Low level access equipment
TT82: Gas powered tools
TT83: Water efficiency and energy
TT84: Environmental nuisance
TT85: Viral pandemic
TT86: Tool hygiene and reducing spread of viruses
TT87: Cold weather
