Subject: RE: 15/1231 - NMA - Land to south of Glan Usk School

Geraint

Further to my last email, I thought it best to further clarify that you are indeed correct stating that nothing significant has changed between the approved drawing (rev J) and the new drawing(Rev. K), other than that the notes stating 'alternative' earth embankment have been omitted and the width of the embankment has increased slightly by a few hundred mm, which is hardly noticeable between the 2 layouts, so I can see you confusion as to what has changed.

Again, please do call me if you have any queries.

cheers

Karl Lewis
