Hello Emma,

That is helpful- thank you .

There are objections to this application due to damage to the rooting area and tree canopy .

The applicant is advised to consult a bona fide Tree Consultant and move the stand well away from the trees.

Then a full raft of tree information in accordance with BS5837:2012 will be required.

Hi Shona,

The stand is approximately 30cm from the tree line. The photo shows the stand in relation to the trees.

Thanks,

Hello Emma,

Before I comment officially on the trees etc – I would like to know how close the proposed stand is to the existing trees etc in the image below .
