Subject: RE: 25/1083 - Henton Farm Henton Farm Road Goldcliff Newport

Hi Vicky I have not commented yet but I have no objection to this application as it would not significantly affect any habitats, species or designated sites. NRW have confirmed in their response of 16th January that they do not consider these proposals would affect the adjacent Gwent Levels SSSI. If consent is granted, we should attach our usual condition to require a biodiversity enhancement scheme which is appropriate to the nature and location of the development.

Matt
