RE: Tree Inspection at site off Corporation Road

Newport City Homes has instructed me to carry out a BS5837:2012 tree inspection on a site off Corporation Road, Newport – site area shown below in red.

On inspecting the site on 2nd September 2024, we found no trees of any size to be included in a BS5837:2012 tree survey. One lime tree was noted on a previous survey close to Corporation Road, but I was informed that Welsh Water removed this tree for ground investigation works. Site Photograph of the last location of the lime tree is shown below. 9 new trees that will be planted in place of the one that was removed by DCWW.

Yours sincerely,

Stephen Lucocq – ArbTS - Arboricultural Technician Services Ltd
