Dyddiad/Date: 5 June 2026

Annwyl Ms Ostler/Dear Ms Ostler

Bwriad/Proposal: Proposed installation of 1no. new BT Street Hub, incorporating 2no. digital 75" LCD advert screens and associated BT phone kiosk removal.

Lleoliad/Location: BT Hub Outside Chartist Tower, Upper Dock Street, Newport, South Wales.

Thank you for consulting Cyfoeth Naturiol Cymru (CNC)/Natural Resources Wales (NRW) about the above, which we received on 27 May 2026.

We have **no objection** to the proposed development as submitted and provide the following advice.

Flood Risk

The planning application proposes, less vulnerable development, installation of a BT Street Hub. The [Flood Map for Planning](#) (FMfP) identifies the application site to be at risk of flooding and within Flood Zone 2 – Sea.

Given the scale and nature of the proposed development (and in the absence of a flood consequences assessment) we consider the proposals could be acceptable, subject to the developer being made aware of the potential flood risks and consequences. We would also expect the developer to take the opportunity to incorporate flood resilient design where feasible.

Guidance on resilient design can be found in Chapter 13 of Technical Advice Note 15: Development, flooding and coastal erosion, dated 2025, which references advice from Construction Industry Research and Information Association, including a Code of Practice and Guidance for Property Flood Resilience.

We provide advice on our website [Natural Resources Wales / Preparing for a flood](#) which may be useful for the developer or occupant of the proposal.

Other matters

The advice in this letter relates to matters which are included on our [consultation topics list](#). We do not rule out the potential for the proposed development to affect other environmental interests that are not included on this list.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir/Yours faithfully

Andrew Hurst
