Subject: RE: Planning Consultation Request for case ref: 26/0300

Hello,

No objections for the works in line with the submitted report extract. Felled trees should be replanted at a ratio of 3 for 1 on site at a size of 10-12. The species and location can be agreed at a later time. The replacement planting should be completed the following planting season (November - March) from when the trees are felled. Evidence of planting to be submitted once the planting has been completed.

Cofion Cynnes / Kind Regards,

Richard Baron
