IMPORTANT

Please note that the wiring of this installation conforms to the new IEE Wiring Regulations Amendment No. 2 to BS 7671:2001. Any additions to this installation must conform to the above regulations.

IMPORTANT

This installation, or part of it, is protected by a device which automatically switches off the supply if an earth fault develops. Test quarterly by pressing the button marked "T" or "Test". The device should switch off the supply and should then be switched on to restore the supply. If the device does not switch off the supply when the button is pressed, seek expert advice.
