Please state the reasons for the proposed removal of hedgerow(s):

Ditches will be managed during the 2 year term of the section 16 management agreement, as indicated on the attached map. Management works involve removal of hedges on one side of the ditch (preferably most southerly side). This opens the watercourse to increase sunlight for aquatic flora of the SSSI to flourish. Hedge on the other side is to be retained which will maintain connectivity. Works are undertaken as part of section 16 management agreement between landowner and Natural Resources Wales.
