Dear Planning Officer

Thank you for providing The Georgian Group the opportunity to comment on the above application.

The proposal is welcomed as the works are sympathetic to the building. It should be noted that it is appropriate to consider the internal wall finishes as if these are modern gypsum then it may be suitable to have a progressive work schedule to replace this over the next few years to allow the building to completely breathe in the correct manner. The colour scheme appears to be similar to the existing and as such acceptable on this building, although it would likely have been white originally if paint was used as a shelter coat.

Kind regards

Rosie Burton (Caseworker for Wales)
