Hello Grant, I have no comment on this application other than to support the proposed biodiversity mitigation and enhancement measures set out in Drawing Number PA/03B and the Green Infrastructure Statement. These indicate an area of proposed bio-diverse species of mix planting together with a detailed planting schedule, nest boxes and possibly bat boxes are proposed as part of the proposal.

In relation to this application and the 25/0474 application on the same property, instead of the proposed 2 No. Schwegler 1B bird nest boxes, I would suggest replacing these with a single Schwegler Barn Owl Nest Box No. 23, which is more appropriate to the location.

Implementation of the GI Statement and the Biodiversity enhancement measures should be secured by planning condition.

Matt
