Application Description:

FLOORS TO PROVIDE 6NO. NEW RESIDENTIAL APARTMENTS
Planning reference number:
26/0376
Planning case officer:
Catherine Aldous

I refer to the above application passed to the Environmental Protection Team for comment.

Have reviewed the submitted documents and I confirm I have no objections to the proposal; however the following conditions should be attached to any permission granted due to the potential of noise and waste concerns that may attract statutory nuisance complaints ;

Waste Storage and Recycling

There is a lack of information regarding the waste storage and recycling facilities that will be provided to serve the future development. Therefore, either additional information is required or the following condition is recommended;

Prior to first beneficial use, a scheme for the provision of waste storage and recycling shall be submitted to and approved in writing by the local planning authority. The approved scheme shall be implemented prior to first beneficial use and thereafter maintained for the duration of the use.

Reason: To ensure that the amenities of occupiers of other premises in the vicinity are protected.

Noise Insulation

Prior to first occupation, a scheme of sound insulation works to the floor/ceiling/party wall/ structure between apartments shall be implemented in accordance with details that have first been submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be retained thereafter in perpetuity.

Reason: To ensure that the amenities of occupiers of other premises in the vicinity are protected.
