Dear Sir

Re: Listed Building Consent for 1no. fascia sign, 2no. projecting signs, 1no. suspended sign, 1no. ATM tablet, 2no. address panels and vinyls
42 Commercial Street Newport NP20 1WX
Pl.App.No.: 26/0535

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We have consulted the regional Historic Environment Record and note that 42 Commercial Street is a Grade II Listed Building (Cadw ref. 23109). The structure is in the Free Renaissance style, by E A Lloyd Oswell and dates to 1895. It was Listed as a high quality bank building on important corner site. The proposal is also located within the Newport Archaeologically Sensitive Area (ASA), although there are no known sites in the vicinity.

However, the current application is for the installation of signage, with the submitted information noting that there will be no alteration to the building plan or historic features. Overall, it is unlikely that archaeologically significant material will be encountered during the course of the proposed works.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
