Dyddiad/Date: 08 January 2026

Annwyl Syr/Madam/Dear Sir/Madam,

BWRIAD/PROPOSAL: PARTIAL DISCHARGE OF CONDITION 35 (OIL INTERCEPTOR) RELATING TO PHASES 4B, 4C, 4E, 4G & 5D ONLY OF PLANNING PERMISSION 06/0471 FOR REDEVELOPMENT OF SITE TO CREATE A MIXED USE URBAN EXTENSION

LLEOLIAD/LOCATION: Land Forming Part Of Llanwern Steelworkers Queensway Llanwern Newport South Wales

Thank you for consulting Cyfoeth Naturiol Cymru (CNC)/Natural Resources Wales (NRW) about the above.

We have no objection to the proposed development as submitted and provide the following advice.

Condition 35 - Oil Interceptors

We note the submitted information including the submitted technical note prepared by LJA dated 10/05/2021. We note this is a generic technical note which does not reference the above noted phases.

The submitted information states that that surface water is to be discharged to a number of reens, greenways and attenuation ponds/lakes on site. We also understand that a site wide surface water drainage scheme is proposed where surface water from the development is pumped into the Monks Ditch, a designated main river.

Future discharge to the receiving watercourse, Monks ditch, is secured under a site wide surface water drainage scheme permitted under reference 16/1295. It is our view the risk to controlled waters is sufficiently controlled through this consent (specifically planning conditions 4 and 5). We have therefore not assessed the potential risk to controlled waters for this application.

Therefore, as the current surface water proposals are continuing to be discharged via the Tata Steel system, we do not object to the discharge of condition 35 (oil interceptors) in full.

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully,

Lindy Marshall
