Dear Sir

Re: Advertisement consent for the display of halo illuminated fascia lettering and 2 no. externally illuminated (trough lighting) projecting sign
40-41 Commercial Street Newport NP20 1HP
Pl.App.No.: 26/0169

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We have consulted the regional Historic Environment Record and note that the application area is situated within the Newport Archaeologically Sensitive Area (ASA), although there are no known sites within the development area. A review of historic Ordnance Survey mapping depicts Commercial Street, including no. 40-41, with a broadly similar form to the current structures. It is also located within the Newport Conservation Area.

However, the current application is for signage, with relatively minor changes to the elevations. Overall, it is unlikely that archaeologically significant material will be encountered during the course of the proposed works.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
