Your Ref: 25/0684

Dear Sir/Madam,

Grid Ref: ST285870 328608 187071
Site: 132 Western Avenue, Newport
Development: PROPOSED OUTBUILDING AND RAISED DECKING IN REAR

We refer to your planning consultation relating to the above site, and we can provide the following comments in respect to the proposed development.

ASSET PROTECTION

After reviewing the submitted information we advise that the proposed development site is crossed by a 12 inch public sewer with the approximate positions being marked on the attached Statutory Public Sewer Record. In accordance with the Water Industry Act 1991, Dwr Cymru Welsh Water requires access to its apparatus at all times in order to carry out maintenance and repairs.

However, having regard to the submitted drawings it appears the proposed outbuilding would be situated within the required protection zone of the public sewer measured 3m either side of the pipe's centrelines. In the first instance, it is recommended that the developer carry out a survey to ascertain the location and depth of this sewer and establish its relationship to the proposed development. We kindly request the applicant contact our Plan and Protect team at developer.services@dwrcymru.com or 0800 917 2562 to discuss the proposed crossings further.

Alternatively, we recommend the proposed development is repositioned to accommodate for the required protection zone.

Therefore, for the reasons set out above, we offer a **HOLDING OBJECTION** and welcome further dialogue with the applicant.

Our response is based on the information provided by your application. Should the proposal alter during the course of the application process we kindly request that we are re-consulted and reserve the right to make new representation.

If you have any queries please contact the undersigned on 0800 917 2652 or via email at developer.services@dwrcymru.com

Please quote our reference number in all communications and correspondence.

Yours faithfully,

Phillip Little
Development Planning Officer
