Joanne Davidson
Newport City Council
Civic Centre
Newport
NP20 4UR

Dyddiad/Date: 17 April 2025

Annwyl Joanne/Dear Joanne,

BWRIAD/PROPOSAL: VARIATION OF CONDITION 01 (APPROVED PLANS AND DOCUMENTS) OF PLANNING PERMISSION 23/0949 FOR BATTERY ENERGY STORAGE SYSTEM WITH ASSOCIATED INFRASTRUCTURE AND WORKS, TO AMEND THE APPROVED DESIGN.

LLEOLIAD/LOCATION: Uskmouth Power Station, Land Adjacent To West Nash Road Nash Newport NP18 2BZ.

Thank you for consulting Cyfoeth Naturiol Cymru (CNC)/Natural Resources Wales (NRW) about the above, which we received on 19 March 2025.

We have no objection to the proposed development as submitted and provide the following advice.

Flood Risk

We note the proposed variation of condition includes the relocation of the approved attenuation basin further towards the eastern boundary of the site. We have no objection to this relocation as we note from the submitted cover letter (Ref: 784-B068873, dated 18th March 2025) that the drainage design remain based on the principles and recommendations set out in the approved Flood Consequences Assessment (FCA) (by RPS, dated July 2023).

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully

Eleanor Sullivan
