Subject: Obligation against ca3 children's home (number 7 queens road)

Please find and accept my Objection to planning permission for 7 Queens Road, Newport NP205EX

I have only be made aware of the application today.

I am part owner of property on queens road, parc Elizabeth. This is a new residential area where people have spent a lot of money to obtain there properties to live, this request to turn number 7 into and ca3 children's home is very damaging for the owners and the community which will cause high devalue within, already being an carers home this has distributed a few of the neighbours from the constant traffic, loud noise and *REDACTED* I'd strongly like to object against this request and would like to hear back from your organisation thank you.
