Dear Sir/Madam,

**Re: The construction of an annexe and link walkway with storage and work from home space.
Ridings View, Bishton Road, Bishton, Newport, NP18 2DZ**

Pl.App.No: 25/0124

Thank you for notifying us of this application; consequently, we have reviewed the detailed information contained on your website and can confirm that archaeological mitigation is not required. We have reviewed the area against the information in the regional Historic Environment Record (HER) which shows as follows:

Information in the Historic Environment Record details that the eastern extent of the application area is partially situated within Archaeologically Sensitive Area (ASA) of The Levels, and situated approximately 50m north of the Historic Landscape Area of the Gwent Levels (HLW(Gt)2)), specifically Green Moor (HLCA009). A post-medieval farm is shown and labelled 'Ridings Farm' on 1st Edition Ordnance Survey map of 1883. It comprised a few buildings arranged around the courtyard. The application area is within the boundaries of the later Medieval village and earlier Medieval settlement.

The proposed works includes the construction of an annexe and walkway with storage. Whilst the works are moderate in scale, the area has previously undergone redevelopment. With our understanding of the historic environment, there is minor potential that significant buried archaeological remains will be encountered as the ground has likely already been disturbed. Therefore, the potential impact is considered low.

If you have any questions or require further advice on this matter, please do not hesitate to contact us.

Yours faithfully,

Cadeirydd / Chair: Dr Carol Bell

PSG / CEO: Richard Nicholls
