

APPLICATION NUMBER: 25/0441

PROPOSAL: INSTALLATION OF A 230 MW BATTERY ENERGY STORAGE SYSTEM (BESS)

SITE: Land at Uskmouth Power Station West Nash Road Nash Newport NP18 2BZ

APPLICATION TYPE: Conditions

PARTIAL DISCHARGE OF CONDITIONS 6 (LEMP) AND 22 (MONITORING AND MAINTENANCE SURVEYS)

The submitted 'Planning Condition 6 & 22 Discharge Note' by Tetra Tech states for the LEMP (below) there will be an annual management report Oct-Dec.

LEMP (Tetra Tech 2023) & Biodiversity Mitigation and Enhancement Plan (BEMP) (RPS 2022)	784-B045841 Uskmouth BESS LEMP Dec 2023 issue	Monitoring and reporting in accordance with Chapter 7 of the BEMP and of Chapter 6 of the LEMP.	Annual management report for operational phase of development to be provided during October – December by the ecologist
---	---	---	---

I would advise that the annual report should incorporate the success of new planting and seeding and a timetable for any replacement planting, this may require input from a landscape professional in tandem with the ecologist.
