Dear Sir

**Re: Advert Consent for the Retention of an Externally Illuminated Advert
Comprising a Repurposed Aircraft Tail Fin Displaying the Aerfin Logo:
8 Furnace Way Indurent Park Newport.
Pl.App.No.: 26/0326.**

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We have consulted the regional Historic Environment Record and note that the area is within the former area of the Levels, where buried land surfaces resulting from land reclamation from the sea, and subsequent water management has resulted in the preservation of significant archaeological deposits. The area is within the Archaeologically Sensitive Area of the Gwent Levels; however, we note the application is for the retention of the development. Given the nature of the modern industrial use of the land from the 20th century, it is unlikely that archaeological deposits would have been damaged or disturbed without record.

Consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

Judith Doyle
