Subject: RE: Planning Consultation Request for case ref: 26/0172 (Tredegar House, Car Park Pencarn Way Duffryn Newport NP10 8TW) (FULL)

Hi Jacob

Re: INSTALLATION OF 1NO. AUTOMATIC NUMBER PLATE RECOGNITION CAMERA MOUNTED ON NEW CAMERA COLUMN, REMOVAL OF 2NO. PAYMENT TERMINALS AND REPLACEMENT WITH NEW ALONG WITH ASSOCIATED POWER AND DATA CONNECTIONS AND TRENCHES

This application site is located within Tredegar Park Conservation Area. Due to its proximity, it also has potential to impact upon the setting of the Registered Historic Park & Garden Tredegar Park, Cadw ref: PGW(Gt)48(NPT) and the GII Listed assets to the south of Tredegar House, identified as the *"garden wall running SE from the Cedar Garden and with attached workshops at the SE end, flanking a pair of brick piers and wrought iron gates."* (see Cadw Ref: 17100).

It is proposed to:

- **Replace of two existing payment terminals.**
 - This is essentially a 'like-for like' replacement of the existing on site (to be painted black).
- **Install a new Automatic Numberplate Recognition camera, mounted on a new 4 metre column, powered via an attached solar panel.**
 - This is proposed to be located opposite the principal vehicle entrance, adjacent to an existing tree.
 - This element could be made less visually intrusive by ensuring the camera is also black-finished, to match the proposed camera column (and not 'Grey' as specified within drawing 100124714-MMD-00-XX-DR-A-2001 Rev.1)
 - I can see no details provided regarding the *"attached solar panel"*. What is the proposed size, location and orientation?
 - Will these works impact upon the adjacent tree?
- **Install a new Feeder Pillar adjacent to the existing CCTV column by the main carpark entrance.**
 - I am unclear on whether the existing CCTV columns benefit from consent, but they are unsightly in their plain galvanised finish. Colour for the proposed feeder column is unclear but drawing 100124714-MMD-00-XX-DR-A-2006 states that it comes *"hot-dip galvanised"* and that *"Powder coated finish also available"*.
 - This item should be black finished, to match the other street furniture within the area (secured by condition).
- **Undertake belowground works.**
 - The proposed is outside any archaeologically sensitive area here and previous carpark groundworks make the presence of any archaeological interest seem very low.
 - We will need to ensure via condition that all ground surfaces are finished to match following these works (secured by condition).

Many thanks,

Guy Arnall
