Hi Jacob

Revised response following site visit and review of proposed materials.

Re: PARTIAL DISCHARGE OF CONDITION 2 (CYCLE PARKING), CONDITION 6 (LANDSCAPING) AND CONDITION 6 (MATERIALS) OF 25/0145 FOR THE ALTERATION AND EXTENSION OF EXISTING BUILDINGS TO PROVIDE A CAFE, OFFICES, STORE AND PLANT ROOMS, TOGETHER WITH ASSOCIATED LANDSCAPE ALTERATIONS AND OUTDOOR SEATING AREA

CONDITION 02

Except for site clearance and remediation No development shall take place until a scheme for the provision of cycle parking in accordance with the Council's current standards has been submitted to and approved in writing by the Council as Local Planning Authority. The scheme shall be implemented as approved before any part of the development is brought into use and shall be retained as such thereafter. Notwithstanding the provisions of the Town and Country Planning Act (General Permitted Development) Order 2015 (or any Order revoking or re-enacting that Order) no building works, which reduce this provision, shall take place except following the express grant of planning permission by the Council.

REASON: To ensure that adequate provision is made for parking cycles on the site; and to establish measures to encourage non-car modes of transport in accordance with Policy T4 of the Newport Local Development Plan 2011 – 2026 (Adopted January 2015).

As part of approval 25/0145, cycle parking was approved to the north-eastern corner of the proposed café extension (see Drawing 4121_GA_015_Proposed Ground Floor Plan). The proposed Sheffield Cycle Stands were to be uncovered, and small in scale. These facilities are now proposed for redesign (*Falcolok 250* timber-clad and black-finished metal framed secure storage, measuring 2930mm x 2495mm x 2250mm), and relocation adjacent to that shipping container approved in 2020 for the storage of disability bikes. At this time, Cadw were of the opinion that *"The shipping container is likely to only have a slight adverse impact on the registered park, which can be mitigated through appropriate choice of colour (most likely green) and maintenance of the container as required."*

Due to the relatively small-scale of the proposed, its natural timber-finishing, and its proposed location (to the south of a modern park building, *Splash Port* and existing containers), it is considered that the new will have only minimal adverse impact on the registered park due to an slight increase in visual clutter within an area already developed for amenity use. This slight harm may be balanced positively against the public benefits such an installation will bring. I am content that this condition may be discharged.

CONDITION 05

Before the development, other than demolition, is commenced, written approval of the Local Planning Authority is required for a scheme of hard and soft landscaping for the site (indicating the number, species, heights on planting and positions of all trees and shrubs). The approved scheme, and the approved tree planting plans as set out in Condition 01, shall be carried out in its entirety by a date not later than the end of the full planting season immediately following the completion of that development. Thereafter, the trees and shrubs shall be maintained for a period of 5 years from the date of planting in accordance with an agreed management schedule. Any trees or shrubs which die or are damaged shall be replaced and maintained until satisfactorily established. For the purposes of this condition, a full planting season shall mean the period from October to April.

REASON: To safeguard the rights of control of the Local Planning Authority in these respects and to ensure that the site is landscaped in a satisfactory manner.

I shall leave this to our Tree Officer.

CONDITION 06

No work shall be commenced on the construction of the approved scheme until details/samples of materials and finishes to be used on the external surfaces (including doors, windows, tiles, rainwater goods and external elevations) have been submitted to and approved in writing by the Local Planning Authority along with an accompanying repairs statement. The development shall then be carried out using the approved materials.

Reason: To ensure that the development is completed in a manner compatible with its surroundings.

Material have been reviewed on site.

- The Grey Portland Stone sample is a good match, with not too many shelly inclusions.
- The 73mm Imperial Old Weatherfield Blend brick, though not a precise match to the existing, is considered to have a good colour mixture and feature an appropriate textural finish, which will sit well against the existing C20 building (wherein there is no direct connection between new and old).
- Windows and Doors (Alitherm Heritage Colour Coated Aluminium) are of good quality and conform with that approved under 25/0145.
- Rainwater goods are proposed to be in cast and dark-finished metal, of appropriate form.
- Proposed roofing tiles (Marley Mixed Brindle, Clay Rosemary) were of appropriate form and finish.

Upon this basis of the above, I am contented that this condition may be discharged.

Many thanks,

Guy Arnall

Hi Jacob

Re: PARTIAL DISCHARGE OF CONDITION 2 (CYCLE PARKING), CONDITION 6 (LANDSCAPING) AND CONDITION 6 (MATERIALS) OF 25/0145 FOR THE ALTERATION AND EXTENSION OF EXISTING BUILDINGS TO PROVIDE A CAFE, OFFICES, STORE AND PLANT ROOMS, TOGETHER WITH ASSOCIATED LANDSCAPE ALTERATIONS AND OUTDOOR SEATING AREA

CONDITION 02

Except for site clearance and remediation No development shall take place until a scheme for the provision of cycle parking in accordance with the Council's current standards has been submitted to and approved in writing by the Council as Local Planning Authority. The scheme shall be implemented as approved before any part of the

development is brought into use and shall be retained as such thereafter. Notwithstanding the provisions of the Town and Country Planning Act (General Permitted Development) Order 2015 (or any Order revoking or re-enacting that Order) no building works, which reduce this provision, shall take place except following the express grant of planning permission by the Council.

REASON: To ensure that adequate provision is made for parking cycles on the site; and to establish measures to encourage non-car modes of transport in accordance with Policy T4 of the Newport Local Development Plan 2011 – 2026 (Adopted January 2015).

As part of approval 25/0145, cycle parking is approved to the north-eastern corner of the proposed café extension (see Drawing 4121_GA_015_Proposed Ground Floor Plan). The proposed Sheffield Cycle Stands are uncovered, and small in scale. I have no issue with the proposed in terms of visual impact upon the Grade II* Registered Park and Garden.

CONDITION 05

Before the development, other than demolition, is commenced, written approval of the Local Planning Authority is required for a scheme of hard and soft landscaping for the site (indicating the number, species, heights on planting and positions of all trees and shrubs). The approved scheme, and the approved tree planting plans as set out in Condition 01, shall be carried out in its entirety by a date not later than the end of the full planting season immediately following the completion of that development. Thereafter, the trees and shrubs shall be maintained for a period of 5 years from the date of planting in accordance with an agreed management schedule. Any trees or shrubs which die or are damaged shall be replaced and maintained until satisfactorily established. For the purposes of this condition, a full planting season shall mean the period from October to April.

REASON: To safeguard the rights of control of the Local Planning Authority in these respects and to ensure that the site is landscaped in a satisfactory manner.

I shall leave this to our Tree Officer.

CONDITION 06

No work shall be commenced on the construction of the approved scheme until details/samples of materials and finishes to be used on the external surfaces (including doors, windows, tiles, rainwater goods and external elevations) have been submitted to and approved in writing by the Local Planning Authority along with an accompanying repairs statement. The development shall then be carried out using the approved materials.

Reason: To ensure that the development is completed in a manner compatible with its surroundings.

No detailed information has been supplied, including that specifically requested for doors, windows, tiles, rainwater goods, and external elevations. This condition cannot be discharged.

Many thanks,

Guy Arnall
