GENERAL NOTES DRAWINGS AND SPECIFICATIONS: This drawing is to be read in conjunction with all relevant Architects, Engineers and Specialists drawings together with the specification and The Manual of Contract Documents for Highway Works (MCHW). SITE LAYOUT: The background layout shown in this drawing is based on AHR Architects' drawing FLVC-AHR-S1-XX-DR-A-08102 revision P01. Please note that this might not be the latest drawing. Reference must be made to the Architect's drawings for current information. SURVEY: The topographical survey background shown in this drawing is based on Atlas Surveys' drawing ASP2131-1. EXISTING SERVICES: The buried services survey background shown in this drawing is based on Solum Surveying's drawing 13335 revision R1. Contractor to verify location of existing services prior to commencement of any works. It is assumed that all service disconnection works will be completed as part of the demolition contract. SERVICE DIVERSIONS: Contractor to liaise with statutory undertaker / service provider to confirm any diversionary requirements. Any existing services located within the extent of works that need to be diverted, lowered or protected will have to meet the requirements of the relevant statutory undertaker and NJUG. THIS DRAWING SHOULD BE PRINTED IN COLOUR.
