

Highway Response

Ref: RECON 25/0310

Date: 03/07/25

PROPOSAL: NEW VEHICLE ACCESS ONTO THE PUBLIC HIGHWAY TO PROVIDE A SECONDARY ACCESS FACILITY TO THE EXISTING GD ENVIRONMENTAL YARD AND EXISTING HAULAGE BUSINESS OPERATIONS

SITE: Gd Environmental Nash Road Newport NP18 2BS

Case Officer: Francesca Sanders

Highway Officer: Kevin Jackson

Highway recommendation:

Not supported pending further information.

Highway Comments:

The response appears to have misunderstood the request for a rationale. We do not expect any access will ever provide a betterment in terms of highway safety. The position is that they are always detrimental, however a case may be made that there is a balance and justification.

There seems to be a suggestion that the access would allow segregation of HGVs from other classes. Again we would seek further detail to be assured that the additional access is justified.
