Stance: Customer objects to the Planning Application

Reasons for
comment:

Comments: I strongly object to this application as it would be awful to have industrial units in view of our property, even more concerning would be the amount of noise that comes with it. We already have the noise at 7:30-8am in the mornings from the workers getting tools from the lock up so to have it all day from two working industrial units when your trying to enjoy the peace of your private garden would be crazy and also right in the middle of a quiet residential area.
We as residents of the area are already fed up of the noise and the lack of parking from the scaffolding company at the end of street, to add this would be crazy and unfair on all of us.

Where did you hear
about this
application? Not specified

Kind regards
