**Subject:** RE: 9 Burberry Close - Biodiversity Scheme.

Good Morning

Further to our earlier email, please see attached Proposed Ground Floor Plan – REV A.

We have added the following proposed Biodiversity scheme to this plan:  
A bird box on the side Elevation of the property at approx. 3.5m High,  
An insect hotel to be located within the existing mature tree,  
And 2 No. pollinator flower patches within the biodiversity enhancement area shown.

Considering the scale of the development we trust the above proposals will be sufficient.

Kind Regards,  
Ran.
