

Biodiversity statement

Address	6 The Uplands Rogerstone
Proposal	Replace garage with outbuilding
Date	July 2025

Introduction

This proposal consists of a replacement of a old garage with an outbuilding

Loss of biodiversity

There will be no loss of biodiversity

Biodiversity measures to be implemented

The garden is already mature, however the owners will implement the following as part of this project.

Planting of more hibiscus, some acers as well as alliums and agapanthas for height and shape.

Hibiscus [How to Grow Hibiscus | BBC Gardeners World Magazine](#)

Acers [10 Acers to Grow | BBC Gardeners World Magazine](#)

Alliums [How to Grow Alliums | BBC Gardeners World Magazine](#)

Agapanthas [How to Grow Agapanthus \(African Lily\) | BBC Gardeners World Magazine](#)

Biodiversity enhancements

- A vivarapro woodstone house sparrow nest box to be provided on the north elevation.
- Bug boxes in the garden

Existing garden
