Subject: FW: Planning Consultation Request for case ref: 26/0671

Hi Marnie,

The location proposed is acceptable however they will need to be planted far enough away from the electrical cables so that when they grow they will not foul the lines (oak - 7m, Beech - 7m away). In addition evidence of establishment if planting bare root will need to be provided yearly this can be done as photos to evidence that they have established. Due to bare root trees increased maintenance requirement due to less rooting material being planted.

Cofion Cynnes / Kind Regards,

Richard Baron
