Removal of existing temporary scaffolding, erection of new temporary scaffolding, concrete repairs to structural elements, and like-for-like replacement of existing windows. No change of use involved.

8. Description of Existing Use, Building Works or Activity

What is the existing site use(s) for which the certificate of lawfulness is being sought? Please fully describe each use and state which part of the land the use relates to.

We intend to undertake the following works:

Replacement of the existing windows on a like-for-like basis.

Concrete repairs to the southwest (SW) and southeast (SE) facades.

Application of matching finishes to repaired areas, which may necessitate a different colour or texture from the existing.

Possible broader colour change to those elevations (final colour(s) yet to be confirmed – the closest current match to the cured sample of ST05 held in the office is RAL 7032 (Pebble Grey)).

At this stage, the final colour selection remains pending, and the condition survey for the concrete repairs is yet to be completed.

Legal Basis

We submit that:

The window replacements constitute minor works or maintenance executed on a like-for-like basis, consistent with permitted development rights.

The concrete repairs are restorative in nature; any variance in finish or colour should be considered de minimis and not constitute material development.

Should the proposed colour alteration be deemed material, it is our view that it could be regarded as a non-material amendment to any existing planning permission or structure.

Request

In light of the above, we respectfully request the issue of a Lawful Development Certificate confirming that the proposed works detailed herein may be carried out without requiring planning permission.
