Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
- ☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

We are simply looking to repair/re-build/re-clad a stable block and dutch barn that have fallen into dis-repair over recent years.

The current stable block walls are timberframe/breeze block construction with shiplap cladding and metal roofing. We will replace this on a like for like basis with no change to the design, elevations or footprint of the stable block. Due to the delapited nature of the current building and obvious safety concerns, we plan to re-build this stable block from the ground up as a timberframe construction.

The existing dutch barn is breezeblock and steelframe construction with corrugated metal walls and roofing. Where possible, we will retain the breezeblock and steelframe construction subject to structural safety checks. Any unsafe elements will be replaced on a like-for-like basis. We plan to replace the corrugated metal walls with wood/shiplap but retain a metal roofing - this will more naturally blend the structure into the local surroundings. There will be no change to the design, elevation or footprint of the dutch barn.

Does the proposal consist of, or include, a change of use of the land or building(s)?

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing stable block and dutch barn have stood for over 30 years as farm outbuildings. We are not seeking any change of use but rather to repair/replace/re-clad them on a like for like basis. We are doing this as the barns have deteriorated considerably over the past 5-10 years due to age/weather and have become unusable (stable block) and dangerous (dutch barn) as a result. They are also a considerable eyesore on the beautiful landscape, not just for ourselves but also for the general public as they can be seen from miles away. We are confident that our request is lawful but are seeking affirmation from the planning department before planning the works.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

If you consider the existing or last use is within a 'Use Class' in the Town and Country Planning (Use Classes) Order 1987 (as amended) state which one:

Information about the proposed use(s)

If you consider the proposed use is within a 'Use Class' in the Town and Country Planning (Use Classes) Order 1987 (as amended), state which one:

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We believe that the opportunity to re-build/replace/re-clad farm buildings on a like for like basis is non-contentious under law. The only material change we are seeking is the opportunity to clad the dutch barn in shiplap/wood rather than in the previous corrugated iron.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact? (Please select only one)

- ☐ The agent
☒ The applicant
☐ Other person

Pre-application Advice

Has pre-application advice been sought from the local planning authority about this application?

- ☐ Yes
☒ No
