Dear Sir

Re: Conservation Area Consent for the demolition of existing detached single storey garage with associated works to the access, boundary treatment and tree works
Lawnside 2 Stow Park Circle Newport NP20 4HE
Pl.App.No.: 25/0358

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We previously commented on this application in our letter dated 15th July 2025, and our understanding of the archaeological resource remains unchanged.

We have consulted the regional Historic Environment Record and there are no known sites in the vicinity. A review of historic Ordnance Survey mapping indicates no structures or features in the development area, although the main dwelling is depicted on the 2nd edition OS map. Furthermore the previous development of site is highly likely to have had an adverse effect on any potential remains that may be present.

Overall, whilst we note the current amendments, it remains unlikely that archaeologically significant material will be encountered during the course of the proposed works.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
