

From: Hassan Chaudhry <itishsn@gmail.com>

Hello,

Please see the requested detail below.

We will only give school runs to taxi drivers so customers will never visit the unit. Taxi drivers will come once during their registration and rest of the dealing will be on the phone.

No staff will visit the unit unless their first time registration.

Nothing will be parked outside house and booking process is on phone.

No radio masts will be used.

We have up to 5 drivers that will start immediately once we get the operator license.

We will only use this for school runs so drivers will pick up school kids in morning and then afternoon.

Regards

Hassan
