Subject: Comment on planning application 17/0113

Good afternoon,

I am registering my concern and anger that the planning has been passed for this many houses and flow of traffic.

I am absolutely livid That the construction of the new road along the riverfront, beginning right opposite our street Morgan street. Creating a very noisy and dangerous environment for my children and myself. We currently live in a quiet neighbourhood with no issues. We will now live by a main road with the potential for 250+ cars going in and out daily. This will decrease the value of my home while also creating the issues I have highlighted above. We currently use the riverfront path daily to walk to school and the Glebelands. This will no longer be a safe walk.

Under the freedom of information act I request all information relating to the plans permission and objections regarding the planning for this new housing estate.

Please can you help stop this buildings or access point or tell me what I can do. The noise disruption from all the building works is already making a noise issue you can here and feel the noise and vibration in the house.

I would like to know what the appeal process would be for this. And if there is compensation for residents?

Kind regards
Lisa Hodge.

33 Morgan Street, Newport, NP19 7AX.
