

HS43: Work equipment inspection

1 Introduction

The work equipment inspection record is to be completed for all smaller work equipment such as electric hand tools on site by a suitably qualified person. It must not be signed until any maintenance required that is indicated by the checklist below has been carried out and confirmed as satisfactory by subsequent inspection.

Contract/Job Name	Somerton Car Wash, Newport
Contract/Job Number	Garage Demolition, Cromwell Rd, Newport

PLEASE READ THE NOTICE BELOW BEFORE SIGNING THIS DOCUMENT

We have inspected the work equipment below and are satisfied that at the time of inspection, this equipment appears to be in good working order.
