Subject: RE: Planning Consultation Request for case ref: 26/0063

Hello,

Upon the site visit by a member of the NCC Tree Team on the 8th of January, this work is in line with the suggested options. Therefore there are no objections however the following conditions apply:

- 1) The exact extent of the pruning must be agreed on site with the appointed tree surgeon and a member of the NCC tree team in a pre commencement site meeting.
- 2) Works must be undertaken by a qualified and competent Tree Surgeon a list is available from the NCC Tree Works Framework or the Arboricultural Association.
- 3) Works must be to BS3998:2010 Tree work – Recommendations

N.b.

It is suggested to undertake works prior to the beginning of bird nesting season to avoid potential ecological constraints.

Cofion Cynnes / Kind Regards,

Richard Baron
