TOWN AND COUNTRY PLANNING ACT 1990 [as amended]

Application No: **26/0589**
Application Type: **Full**
Proposal: **DEMOLITION OF EXISTING RENTAL VEHICLE WASH BAY AND REPLACEMENT RENTAL VEHICLE WASH BAY, TOGETHER WITH RECONFIGURATION OF EXTERNAL AREAS TO PROVIDE ADDITIONAL PARKING (RENTAL VEHICLE STORAGE) AND ASSOCIATED WORKS**
Site/Location: **410 Chepstow Road, Newport, South Wales, NP19 8JH**
Decision Date: **17th September 2026**

In pursuance of its powers under the above Act the Council of the City of Newport notifies you of its decision in respect of your application, registered by them on 30th July 2026. The application has been:-

Granted with Conditions

STANDARD CONDITIONS

The development must begin not later than the expiration of FIVE YEARS from the date of this permission.

Reason: To conform with the requirements of Section 91 of the Town and Country Planning Act 1990

ADDITIONAL CONDITIONS

1. Plans: The development shall be implemented in accordance with the following plans and documents: sk.UK99.204 Proposed Site Plan and sk.UK99.405 Wash Bay Elevations.
Reason: In the interests of clarity and to ensure the development complies with the submitted plans and documents on which this decision was based.
2. CEMP: Prior to the commencement of development, including demolition, a Construction Environment Management Plan comprehensively detailing the phasing and logistics of demolition / construction shall be submitted to the Local Planning Authority in writing. The CEMP shall include, but not be limited to:
 - o Construction traffic routes, including provision for access to the site
 - o Entrance/exit from the site for visitors/contractors/deliveries
 - o Location of directional signage within the site
 - o Siting of temporary containers
 - o Parking for contractors, site operatives and visitors
 - o Identification of working space and extent of areas to be temporarily enclosed and secured during each phase of demolition/construction
 - o Temporary roads/areas of hard standing

- o Schedule for large vehicles delivering/exporting materials to and from site and details of manoeuvring arrangements
- o Storage of materials and large/heavy vehicles/machinery on site
- o Measures to control noise and dust
- o Details of street sweeping/street cleansing/wheelwash facilities
- o Details for the recycling/disposing of waste resulting from demolition and construction works
- o Hours of working
- o Phasing of works including start/finish dates

For the avoidance of doubt all construction vehicles shall load/unload within the confines of the site and not on the highway.

Following the written approval of the CEMP by the LPA the development shall be carried out in accordance with the approved details. No works shall be carried out without that written approval.

Reason: To ensure that adequate on-site provision is made for construction traffic, including allowance for the safe circulation, manoeuvring, loading and unloading of vehicles, as well as parking, and to reduce impact on residential amenity and the general amenity of surrounding occupiers. Policies GP2, GP4 & GP7.

3. Net Benefit: Prior to the commencement of development, a biodiversity enhancement scheme shall be submitted to and approved in writing by the Local Planning Authority. The biodiversity enhancement scheme shall be implemented in accordance with the approved plans prior to the first beneficial use of the development hereby approved and retained as such for the lifetime of the development.

Reason: In the interest of protected species, in accordance with Policy 9 of Future Wales and Policy GP5 of the Newport Local Development Plan 2011-2026 (adopted January 2015).

4. External Materials: No work shall be commenced on the construction of the approved scheme until details or samples of materials and finishes to be used on the external surfaces have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out using the approved materials.

Reason: To ensure that the development is completed in a manner compatible with its surroundings. Policies GP2 & GP6.

5. Surface Water Drainage: No surface water from any increase in the roof area of the building /or increase in impermeable surfaces within its curtilage shall be allowed to drain directly or indirectly to the public sewerage system.

Reason: To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment. Policies SP3, GP1 and GP7.

NOTE TO APPLICANT

The development shall be carried out fully in accordance with the proposals shown in the application and in the plans and particulars accompanying such application as varied and amended by this permission.

This decision notice is issued in respect of Planning Permission only and does not convey any approval which may be required under any other legislation or provisions, such as, but not limited to, Highways and Building Regulations. For advice on the requirements of the Building Regulations and allied legislation, and/or whether there is a need for a Building Regulations submission, please contact the Council's Building Control Section on 01633 656656 or email building.control@newport.gov.uk. For advice on obtaining relevant permissions from the Highway Authority, please contact highway.planning@newport.gov.uk

Where there are conditions which require details to be approved prior to the commencement of development, failure to submit these details prior to commencement of development may result in the permission being invalidated.

The Local Planning Authority has a target to determine Discharge of Condition applications within 8 weeks of receipt of the details, and so you are advised to programme any work accordingly.

The plans have been assessed on the basis of the scale or dimensions stipulated and any statement of 'do not scale' (or similar) has been disregarded.

1. This decision relates to plan nos: sk.UK99.101 Site Location Plan, sk.UK99.102 Existing Site Plan, sk.UK99.103 Demolition Plan, sk.UK99.203 VT Proposed Site Plan Vehicle Tracking, sk.UK99.204 Proposed Site Plan and sk.UK99.405 Wash Bay Elevations.
2. The development plan for Newport is the Newport Local Development Plan 2011 - 2026 (Adopted January 2015). Policies GP2, GP4, GP5, GP6, GP7, SP1, SP2, SP9, SP18, SP19, T4, W3 were relevant to the determination of this application.
3. Due to the minor nature of the proposed development (including any demolition) and the location of the proposed development, it is considered that the proposals did not need to be screened under the Environmental Impact Assessment Regulations.
4. The applicant may need to apply to Dwr Cymru / Welsh Water for any connection to the public sewer under S106 of the Water industry Act 1991. If the connection to the public sewer network is either via a lateral drain (i.e. a drain which extends beyond the connecting property boundary) or via a new sewer (i.e. serves more than one property), it is now a mandatory requirement to first

enter into a Section 104 Adoption Agreement (Water Industry Act 1991). The design of the sewers and lateral drains must also conform to the Welsh Ministers Standards for Gravity Foul Sewers and Lateral Drains, and conform with the publication "Sewers for Adoption"- 7th Edition. Further information can be obtained via the Developer Services pages of www.dwrcymru.com

5. The applicant is also advised that some public sewers and lateral drains may not be recorded on our maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.
6. In accordance with Planning Policy Wales (Edition 12) and Technical Advice Note 12 (Design), the applicant is advised to take a sustainable approach in considering water supply in new development proposals, including utilising approaches that improve water efficiency and reduce water consumption. We would recommend that the applicant liaises with the relevant Local Authority Building Control department to discuss their water efficiency requirements.

Decision Date: 17th September 2026

IMPORTANT! PLEASE READ THE NOTES ON THE REVERSE OF THIS FORM

Notes for Applicants

TOWN AND COUNTRY PLANNING ACT 1990 (as amended)

Appeals to the Welsh Government

- If you are aggrieved by the decision of your Local Planning Authority to refuse permission or grant it subject to conditions, then you can appeal to the Welsh Government under Section 78 of the Town and Country Planning Act (as amended).
- Appeals must be made within a prescribed time period that is dependent on the application type. These time periods along with further information on the appeals process are available here and should be checked immediately: [Planning appeals | Sub-topic | GOV.WALES](#)
- Appeals in respect of:
 - Householder and 'minor commercial' development must be received within 12 weeks from the date of the decision notice;
 - Advertisement consent applications must be received within 8 weeks from the date of the decision notice; and,
 - Other types of planning application must be received within 6 months from the date of the decision notice.

Appeal forms can be downloaded at Planning Casework (gov.wales) or are obtainable from Planning and Environment Decisions Wales, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ, email PEDW.Casework@gov.wales

- The Welsh Ministers can allow a longer period for giving notice of an appeal, but are not normally prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Welsh Ministers do not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by them.

Purchase Notices

- If either the Local Planning Authority or the Welsh Government refuses permission to develop land or grants it subject to conditions, the owner may claim that he/she can neither put the land to a reasonable beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a Purchase Notice on the Council. This notice will require the Council to purchase his/her interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990 (as amended).
