Subject: FW: Planning Consultation Request for case ref: 26/0701

Hi Lydia,

No objections to the below application due to the condition of the ash. However, the following condition applies -

The felled trees should be replaced on site at a ratio of 3:1 at a size of 10-12 cm at 1m as per BS8545. The trees should be replanted within the next planting season (November-March) post the works. Evidence of the planting should be supplied via photo format and evidence of establishment should be provided 2 years after the planting in the same format.

Cofion Cynnes / Kind Regards,

Richard Baron
